

Soviet and Chinese Practices for Learning
by Shomit Sirohi

Alain Badiou and Cornel West -

Many themes - like a novel.

Race themes as well. For Black power.

Mao's Biography - A young man, who went to Yunan and then produced a Long March over many years, spent learning, and then became a leader for active sequences again for many years - and finally returns for the last 5 years and is busy working with Sirohi in India.

II. Lenin

I am speaking in uncertainty, like that Leon man there. Him I pick up.

That Mao is uncertain.

I am in India now, Certainty abounds. I am alive.

III. Trotsky

A Multiplicity of Forms - from Mao to us, just re-creating his long march for us, but also later.

Cinema debates,

This is avant-garde.

Health reviews.

I will not die.

Communism today – Sirohi.

How he simply follows our lives and keeps it safe.

He decided to ditch the revolution, but keep at it.

And make it just a journalistic process for certainty, Lenin means that was his key, he will tell you.

Such secrets – the key?

Cross-reference, check-list, games, and even simple comments for Sirohi.
